

District 28 Instructional Practices Mission Statement

In District 28 we strive to engage students in meaningful learning experiences that include collaboration, communication, critical thinking, and creation through...

- Student-driven experiences
 - differentiation
 - student-choice
 - personalized learning
- Authentic experiences
 - based on real-world applications (problem-based learning)
 - use relevant skills, tools, strategies, resources
- Inquiry
 - Asking and investigating worthy questions, issues, problems or ideas
- Global thinking
 - culturally responsive
 - perspective taking
 - the world outside their classroom
 - digital citizenship
